Background:

Each year, RCA staff prepares an Annual Report for the Regional Conservation Authority and its Permittees to meet the requirements of the MSHCP and Implementing Agreement.

The Multiple Species Habitat Conservation Plan Annual Report 2008 covers the activities of the Regional Conservation Authority including acquisitions and summarizes the development activities of its Permittees for the period of January 1, 2008 through December 31, 2008. This 2008 Annual Report represents the Authority's fourth full year of operation.

The MSHCP Implementing Agreement in section 10.1, states that the Reserve Management Oversight Committee (RMOC) will ensure the preparation and distribution of the Annual Report. The RMOC membership has not yet been redefined; therefore, we are asking the RCA Board of Directors to receive and file the MSHCP Annual Report 2008.

The Annual Report was distributed to the RCA Board of Directors and Wildlife Agencies on June 24, 2009. The Annual Report 2008 has also been posted on the RCA Website at the following location:

Staff Recommendation:

That the RCA Board of Directors receive and file the Multiple Species Habitat Conservation Plan Annual Report 2008.
