Riverside, Calif. — The Western Riverside County Regional Conservation Authority (RCA) seeks volunteer members for its Stakeholders Committee. **Applications are due by Wednesday, September 30, 2026.**

RCA Chair and City of Norco Councilmember, Kevin Bash, will appoint members to the Committee with ratification by the RCA Board of Directors. Committee members will have the opportunity to give input to the RCA Board of Directors on agenda topics, provide varying perspectives on the implementation of the Multiple Species Habitat Conservation Plan (MSHCP), and help raise awareness about the MSHCP and its benefits to western Riverside County.

“As Riverside County continues to grow, balancing the needs of our region with the protection of sensitive habitat has become more important than ever before. As the RCA continues to assemble a 500,000-acre habitat reserve in western Riverside County, we look to our communities for input,” said Chair Bash. “As the 2026 Chair of the RCA, I encourage those with a strong interest in the mission of the MSHCP to apply to serve on the RCA’s Stakeholders Committee. Together, we can ensure the success of the MSHCP.”

The Stakeholders Committee can be appointed annually and includes up to 16 members, with membership from the following:

- Groups representing property owners’ interests within the MSHCP plan area;
- Groups representing environmental interests within the MSHCP plan area; and
- Groups representing the building industry within the MSHCP plan area.

The Committee will meet as requested by the Chair or Board — at least twice per year — at the RCA offices located at 4080 Lemon Street, 3rd Floor, Riverside CA 92501.

To apply, go to wrc-rca.org/stakeholders-application. Prospective members can submit the
